

## FARM-TO-TABLE RESTAURANT & MARKET NARBONA OPENS AT COCOWALK

CocoWalk has announced the highly anticipated opening of Narbona Restaurant & Farm Market, a family-owned, epicurean specialty market and restaurant originating in Uruguay in 1909. The concept combines organic ingredients from its farms for a unique farm-to-table culinary experience and retail section where customers can purchase their farm-raised products to enjoy at home.

Situated on the ground-floor of CocoWalk, the 8,253-square-foot specialty market and eatery features a butcher shop, bakery and curated retail market with a wide selection of gourmet cheeses, craft beers, wines, and coffees – all produced in its farms in South America. Specializing in homemade and artisanal products, Narbona produces its own dulce de leche, gelatos, and yogurts. Facing the plaza, the 200-seat café has an expansive indoor and outdoor dining area, where guests can enjoy breakfast, brunch, lunch and dinner and sip on handcrafted cocktails. Patrons seeking a more intimate setting can host group dinners and events in Narbona’s private room. A haven for enophiles and cheese lovers, the epicurean market also hosts a variety of tastings, in which guests can indulge and sample different wines, coffees and specialty cheeses.

“Although our dream began in Uruguay, we are thrilled to open in the heart of Coconut Grove because it’s an established neighborhood that places great emphasis on a healthy and organic lifestyle, which perfectly aligns with the freshly grown produce and high-quality, specialty foods we serve,” said Jerónimo

Canton, owner of Narbona. “Our main goal is to share our family’s way of life, which is to find the perfect pairing for each moment, offering sensory experiences that last a lifetime. We believe our arrival to CocoWalk comes at an ideal time as the destination continues to attract locals and visitors back to the center Grove.”

The ambiance will center around treating patrons like neighbors and providing them with superior customer service as they select and taste the market’s high-quality products and enjoy freshly prepared foods from its dining menu. Encompassing the essence of true farm-to-table dining, the brand’s wines, cheeses, yogurts, olive oil and pastas are made from locally sourced, fresh ingredients from Narbona’s Winery and Farm in Uruguay, fusing technology, experience and tradition.

Narbona’s robust restaurant menu features starters such as Galician style octopus, traditional homemade empanadas and hamachi tiradito. The menu also offers brick oven baked Uruguayan pizzas, and freshly prepared pastas like spinach and potato gnocchi in a gorgonzola sauce with crispy prosciutto, baby arugula and salted walnuts and shrimp and crab ravioli with heirloom cherry tomatoes and basil in a creamy, spicy pink sauce. Signature dishes include organic half chicken with house salad and French fries, Entrañita comprised of a 12oz prime skirt steak with sweet baked potato and chimichurri sauce, the Cowboy 22oz steak with roasted potatoes, and Branzino served with grilled vegetables and gremolada dip. Customers are encouraged to save room for Narbona’s freshly made desserts including gelatos, crepes filled with its signature artisanal dulce de leche, and its famed baked meringue-based Pavlova Narbona.

The opening of Narbona at CocoWalk marks the concept's second location in South Florida. Following the success of its first location in Key Biscayne, the restaurant continues to expand throughout South Florida with outposts set to open in Wynwood and Boca Raton.

Narbona Coconut Grove joins a line-up of retailers and restaurants at CocoWalk including popular brands: Bluemercury, FP Movement, Edward Beiner, Europann, Edite Mode, The Spot Barbershop and School of Rock. Cinepolis Luxury Cinemas renovated and re-opened a 14-theater venue on property. In addition, the latest skin care and beauty brands now open are: GlossLab, a membership based nail studio from New York that just opened its first Florida location; 3D Brow Studio, a beauty bar specializing in perfect facial framing eyebrows; and skin Lab by Barba Skin Clinic providing one-of-a-kind skin and beauty treatments. CocoWalk is home to a selection of eateries including: The Key Club, Botánico Gin & Cookhouse, Duck N' Sum, Sushi Garage, PLANTA Queen, and Mister o1 Extraordinary Pizza all serving up delicious cuisines and cocktails.
