

Fashion Finds

Pretty girl era has entered the chat. Find a *jumpsuit* to wear to brunch or a boho picnic on the beach, then go full glam in a *neon-sequenced mini* for a night on the town. Sometimes that perfect fit from **Edite Mode** is all you need to brighten your day.

Protein Powered

Craving something hearty? Skip the salad and **order sweetgreen's** *Chicken and Chipotle Pepper Bowl*. Blackened chicken, warm wild rice, and lime cilantro black beans, topped with roasted chipotle salsa to combine all the flavors you love.

Little Luxuries

Fam's night out just got more exciting. **Catch** the new *Super Mario Bros.* movie at **Cinepolis** complete with reclining chairs and *bottomless kids' lemonade*. We'd never forget about you, while the kids indulge, enjoy a relaxing *under-eye mask* from *Grace & Stella* and sip on a *specialty cocktail* or *mocktail*.
