

Drink Up, Buttercup

You never need an excuse to grab drink but we'll give you one anyways. Four words, happy hour every day. Add the spice at **Sushi Garage** with the *Picante Lychee*, or go tropical with the *Sunset Colada*. Don't forget to grab a bite, we love the *Yaki Soba Noodles*.

Golden Hour

Summertime chic isn't complete without all the accessories. The new *Dans Cesaria* collection from **Gas Bijoux** perfectly combines dainty and understated. Grab a pair of *tresse hoop earrings* or the *liane bangle bracelet* and give us all those golden tones.

Pasta la Vista

Nothing says comfort like a homemade meal, and **Narbona's** fresh pasta definitely fits the bill. Make your **reservation** to try dishes like the *Pappardelle topped with mushroom and truffle*. Or pick up some fresh pasta from the market and try your own creation at home.
