From star pizzas to stuffed pizzas, we've highlighted the local pies you need to try.

1. Mister OI Extraordinary Pizza

The name says it all and when you look at the menu, you'll see why. Unique and must-try items include Coffee Paolo (tomato sauce, mozzarella, spicy salami calabrese, Gorgonzola bleu cheese, natural honey and coffee) and the Star Michele (star-shaped pizza filled with ricotta cheese, mozzarella, tomato sauce, spinach, zucchini and fresh red pepper puree).

2. Emmy Squared Pizza

The newest pizza parlor in town specializes in Detroit-style pizza. Before the spot even opened, locals familiar with the rectangular pan pizzas were buzzing with the news. Emmy Squared's secret? They "combined a New York-style grandma pie with a Detroit-style pizza and then added a dose of culinary creativity with [their] fluffy focaccia-like dough, edged with a caramelized, crispy cheese known as frico crust."

3. Chicago Stuffed Pizza Co

From Detroit to Chicago, this pizza place has all the deep-dish and stuffed goodness you need. Choose from a shrimp-stuffed pizza, a buffalo chicken-stuffed pizza or even a Windy City Stuffed Pizza with pepperoni, sausage, mushrooms, green peppers, onions, black olives and meatballs.

4. Heritage

If you're looking for a date-night spot with delicious pizza, this is your place. Chef-owner Rino Cerbone takes pride in every dish and makes a work of art right on your plate that will translate to your taste buds. Try the Squash Blossom and Cold Pulled Burrata (sherry marinara, squash blossoms, cold pulled burrata, olive oil and basil). Once you try a bite, you'll understand why the pizza here received an 8.1 rating from Dave Portnoy's well-known "One Bite" pizza rating series.
